BAY ST. LOUIS, MISS., FRIDAY, SEPT. 26, 1941

VOL. 50—No. 89

CIRCUIT COURT JURY AWARDS \$25,000 DAMAGES IN AUTO FATALITY

Judgment Given Mrs. Morris, Administrator of the Victim, Mrs. O. M. Villere of Waveland—Local Attorneys Win Case for Plaintiff.

A judgment for \$25,000 was rendered in the Circuit Court here in the suit of Mrs. Morris, Administrator of the estate of the late Mrs. O. M. Villere against the Mobile and Atlantic Freight Lines as a result of the death of Mrs. Villere in an automobile accident occurring eleven miles out of New Orleans on November 17th, 1939. The amount sought in the suit was \$30,000.00.

Mrs. Villere, well known resident of Waveland and operator of a large grocery store there, while returning from New Orleans in an automobile with her son, Oswald Villere, Jr., driving, was instantly killed when she was thrown from the car in which she was traveling when it was struck by a truck of the Mobile and Atlantic Freight Line. The son was seriously injured and remained in a hospital for some time before recovering.

The plaintiff claimed that the truck was traveling at an excessive rate of speed and the driver lost control of the truck, smashing into the middle of the Villere car, demolishing it and causing the death of Mrs. Villere and severe injuries to her son, while the defendant claimed young Villere slammed on his brakes at the crossing where the accident occurred, causing the car to skid to the opposite side of the road and in the pathway of the car.

The jury returned its verdict after an hour's deliberation. Attorneys representing the plaintiff were Gex, Gex and Connors while Ford, Ford and Ford were the attorneys representing the defendant. The case caused quite a bit of interest, the accident at the time of its occurrence deeply shocking the community, and a large crowd was on hand in the court room at all times to hear the case tried.

MAYOR AND MRS. BLAIZE, GRANDPARENTS

A daughter was born Tuesday, September 23, 1941, to Mr. and Mrs. G. V. Blaize, Jr., at Dallas, Texas. Weight 7½ pounds and over. The young father, this being his first born, is a son of Mayor and Mrs. G. V. Blaize of Bay St. Louis, who are justly jubilant over the arrival of a grandchild—second in the family. Both mother and child are reported doing well.

NATIONAL COMMANDER IS SELECTED

Lynn Stambaugh of Fargo, N. D., was chosen national commander of the American Legion at the convention held in Milwaukee. The delegates to the convention took a strong stand for national defense and the president's foreign policies. New Orleans was selected as the next place for the annual convention.

"A SMALL DEPOSIT WILL HOLD ANY ITEM FOR YOU."

Rosenblum's Department Store at Gulfport carries an ad in this issue of The Echo, calling attention to the large selection of Dresses, Sport Coats and Dresses in stock. "A small deposit will hold any item for you." Rosenblum's exclusive women's wear.

CELEBRATE 40TH WEDDING ANNIVERSARY

Mr. and Mrs. Edward Heitzmann, Sr., celebrated their 40th wedding anniversary at their home in Bay St. Louis on Wednesday evening, September 24th, with a family reunion. With a family reunion of 150 persons, including 100 children and grandchildren, the celebration was a most successful one. The celebration was held at the home of Mr. and Mrs. Heitzmann, Sr., and was a most successful one.

WEEK-END MARKED WITH HIGH TIDE AND BACKING WATER

Fear Small and Other Plants Along Waveland Beach Damaged by Salt Spray

A number of motorists coming over from New Orleans and other places in Louisiana on Sunday and for the week-end were unable to return to their homes via Highway 90 due to the rising waters flooding the highways and making traveling dangerous and impossible.

On Sunday afternoon, announcement was made by the Louisiana Highway Commission that Highway 90, the Old Spanish Trail which leads into New Orleans and is traveled by thousands of motorists each week-end, was closed and on Monday morning, motorists coming through stated that the road was covered in parts with water reaching up to the running board of an automobile.

Winds of storm velocity buffeted the Coast line and seawall on Sunday night and all day Monday and caused tides to reach three feet higher than usual, with wharves and bath houses covered.

Along the seawall from Waveland to Lakeshore, the waves washed over the roadway in giant breakers and automobiles passing along this way were covered with salt spray, and plants and shrubbery on the beach front also suffered likewise.

It is feared that plants and shrubbery on the beach front will suffer greatly from salt spray which tends to burn them considerably.

SAVE 10 PER CENT.

Attention is called to the advertisement of W. A. McDonald & Sons, calling attention to the buying public that by purchasing before October there will be an actual saving of 10 per cent.

This applies on Philco radios, Norge Washers, Lawson Hot Water Heaters, Philco Refrigerators, gas and electrical appliances. This is a federal tax and will take effect October 1st.

MISSIONARY TO LEAVE FOR AFRICA

Rev. Geo. Wilson, S. V. D., Ordained in Bay St. Louis This Year, To Enter Field.

The Rev. George Wilson, S. V. D., young colored priest of the Society of the Divine Word, who was ordained just this year at St. Augustine's Seminary, has been appointed to do missionary work in the Society's mission territory located on the Gold Coast of Africa.

After many difficulties passage has at last been obtained on a boat going to Africa, and Father Wilson will sail from New York on Saturday, October 4, on the S. S. Arcadia. Accompanying Father Wilson will be two white priests of the Society of the Divine Word, Rev. Joseph Kehrer, S. V. D., and Rev. Aloysius Aurbek, S. V. D., also assigned to the Gold Coast missions.

These missions, located in British West Africa and with mission headquarters at Accra, were taken over by the Fathers of the Divine Word three years ago. This mission territory has an area of 91,843 square miles and a population of 3,700,000, of whom about 100,000 are Catholics.

The Society already has eight priests and two Brothers in the Gold Coast missions. Two of the priests, Father Joseph Bowers, S. V. D., and Father John Dauphine, S. V. D., are colored priests who made their studies for the priesthood at the Seminary here in Bay St. Louis.

Father Wilson, a native of New York City, received his primary education from the Jesuit Fathers at St. Joseph's School, Wilmington, Del. His studies for the priesthood were made in East Troy, Wis., and Bay St. Louis, where he was ordained on January 1, 1940. Father Wilson has been in the Bay St. Louis Seminary for several years.

For the past several weeks he has been assisting Father Joseph Holken, S. V. D., in parochial work at St. Rose of Lima Church.

A solemn high mass will be celebrated by Father Wilson in St. Augustine's Seminary Chapel on Sunday, September 29, at 10:00 o'clock. The ceremony will be presided over by the mission vicar, Rev. Father Joseph Holken, S. V. D., and will be assisted by Father Wilson.

CHEVROLET MODELS '42 SHOWING

In Bay St. Louis Saturday—New Body Models Added This Year.

The 1942 Chevrolet passenger cars and trucks will be shown by the Gulf Chevrolet Company here Saturday. The passenger cars will be made in three models for 1942—The Master Deluxe, The Special Deluxe and the Fleetline. The latter will have, in addition to the front door sedan of 1941 two additional body types—the "Aerosedan" a special two door sedan of unusual beauty in appointments and a five passenger coupe which has become so popular recently.

According to Al Voight local dealer there will be few mechanical changes but the outward appearance is greatly improved with a new fender hood and running board treatment and also many interior refinements. The cars will appear lower and very massive giving the Chevrolet the appearance of the larger General Motors cars.

Even with the defense program making heavy demands on chrome and white metals of all kinds the 1942 Chevrolets still show a most attractive trim appearance and absolutely nothing has been left out that would add to the durability of these fine cars.

K. OF C. PLANNING ANOTHER INITIATION BY BILOXI COUNCIL

Spurred by Success of Recent Such Event Another Is Proposed—Biloxi Active.

Spurred by the success of the recent Knights of Columbus initiation of a large class of candidates from over the Coast area, an enthusiastic meeting was held at Biloxi Monday night by the local K. C. Council to make plans for another initiation by Biloxi Council, 1244.

Plans were furthered for the observance of Columbus Day in honor of the patron of the order. It is planned to have a suitable radio program and banquet commemorating the occasion. Grand Knight Bartholomew, who presided, appointed a committee consisting of Jules Schwab, S. L. Fayard, John Fells and Kline Coquet to make plans for next Monday night's meeting when visitors will be present for a sea food supper to be prepared by the committee. Keeler Field members spoke last night and expressed their appreciation at the treatment received in Biloxi.

Many drivers' licenses will expire Sept. 30 and only a small percentage have been renewed. Miss Lena Brock of the license division of the State Highway Patrol says. Better take a look at yours and avoid possible embarrassment.

Doxey Carries Hancock County.

Tuesday's special election to elect a successor to the late Senator Pat Harrison in Mississippi gives at the time of going to press Representative Doxey a light lead over Representative Ross Collins, possibly a thousand or more over. However, all returns have not as yet been officially received and tabulated.

In Hancock county the unofficial returns are as follows: Representative Doxey carrying by an emphatic majority. Official returns will be declared when the Board of Election Commissioners will meet.

Precinct	Ross Collins	Wall Doxey
Anisley	5	26
Brentington	0	28
Locktown	23	39
Galveston	6	8
Aaron Academy	11	37

ST. STANISLAUS BAND TO BE EQUIPPED WITH NEW UNIFORMS

Brother Romuald Announces Purchase To Be Of Outstanding Make.

Last year a rumor originated that the band was to be fitted with new uniforms, but it never materialized. This year Brother Romuald, director of the band, announced that an order has been given for the purchase of new uniforms for the entire band. They should be here in time for the first football game on the home field October 12.

The uniforms will be a radical change from the ones used for the last five years. The red capes will be discarded and each member will appear in a swanky military coat of bright red with lapel collar. The collar, shoulder straps, and cuffs will be in black. Distinctive designs will grace the pocket flaps and sleeves. The brass buttons will be decorated with a music lyre and a gift lyre will adorn the collar. A black patch on the left sleeve at the shoulder seam will have the initials of the school embroidered in gold silk thread. Across the shoulder will hang a black silk citation cord. Black Sam Browne belts will complete the upper uniform.

The trousers will be black pilot bagging with a bright red stripe from hip to ankle. Gold plaid will decorate each side of the stripe. The cap is a Sousa style of red gabardine and will have a black band edged top and bottom with gold silk braid. A gold cord is visible over the visor and the medallion will consist of a gift eagle.

The proceeds of the Harvest ball last year were assigned to the band for the purchase of these uniforms, and the proceeds of the present year's affair will go to the same end.

Since these new uniforms are not alone in the interest of the band but in the school as a whole, the entire student body should take an active part in helping to raise funds for the purchasing of them.

HI SCHOOL TO HELP IN DEFENSE

Part-Time Commercial Class Instituted at Bay St. Louis High School.

Part-time Commercial Classes are being organized at Bay St. Louis High School under the direction of the regular Commercial teacher, and under the supervision of the local school authorities and the State Department of Education. Classes meet for two hours, beginning at 3:45. These classes for students who are over 16 and not attending regular school, but who are employed or expect to find employment after this training.

The school is able to contribute to the National Defense Program thru this training.

Bible Study Class Resumed

The Bible Study Class sponsored by the ladies of Christ Church and led by Mr. Warwick Aiken will meet Wednesday, October 23rd at 3 P. M. in the parish house.

The subject for this year's study will be "The Epistle of Paul to the Galatians."

ASSISTANT APPPOINTED TO SECRETARY BERKES

Peter C. Gaffney has been named assistant secretary of the Southern Pine Association. H. C. Berkes announced at New Orleans this week. Born in New Orleans, the new assistant secretary is 29 years old and holds associate membership in American Trade Association. Executives Mr. Berkes, well-known locally, has been the valued executive secretary of the Southern Pine Association for years, a most responsible position.

"BEST CAMPS" AND DEFENSE PROGRAM

Mississippi is doing her part in providing recreational areas for use of the selected and regular army personnel the State Park Department announced today.

Three Best Camps have been built by the Civilian Conservation Corps under the supervision of the National Park Service. These recreational centers are located at Gulfport, Biloxi and Ocean Springs.

Miss Ellis has held important positions in several institutions in Alabama and Mississippi, and for the past five years has been one of the "King's Daughters" in the staff of the hospital here in Bay St. Louis.

Miss Ellis is a native of Birmingham, Alabama. She made her training at the City Hospital of Mobile, Alabama, from which she graduated in 1928.

BAY HIGH TO PLAY TO-NIGHT

Tigers Will Open Football Season at S. S. C. Stadium Versus Newman High.

The Bay High Tigers will open the 1941 season against Newman High of New Orleans, La., Friday night, September 26 (tonight) at S. S. C. stadium. The kickoff is slated for eight o'clock.

This will be the first game for the Tigers under the helm of their new coaches, Coach Boyd and Assistant Coach Tommy Glass. Lack of weight and experience will handicap the team this year but just how much remains to be seen. The line averages 150 pounds and the back field around 140 pounds.

The starting line up is still undetermined at this writing.

After Friday night's engagement, the Bay High lads journey away from home for their next three encounters.

BOSTON COLLEGE AGAIN RETURNS TO BAY ST. LOUIS

Sugar Bowl Champions Of Last Year Will Stop For One Day.

Last season Boston College came to Stanislaus to train for the Sugar Bowl Classic in which they were to play Tennessee on New Year's Day in New Orleans. This year however they will play Tulane on September 27.

The Eagles in their way will stop at Atlanta, Ga., on the 25th for a day of practice. The morning of Friday the 26th at the break of day the Eagles will arrive at our little town, and many will remain here until about 9:00 A. M. the day of the game, when they will go to New Orleans in two buses.

This year the Eagles have such outstanding players as Naimetz, who was far better and outplayed Gladchuck at center in the Sugar Bowl game. They also have "Mickey" Connelley who dubbed for Charlie O'Rourke, Kiesel, Joyce, Boudreaux, and many other stars who will shine this coming year.

Incidentally, the town folks will get a chance to see the Eagles practice twice on the Stanislaus Football Field. Various sport writers from all over the country have highly praised the Eagles, and claimed that they were to have a good team this year.

As you all know, Brother Peter went up to Boston, Mass., for the Victory Banquet given in honor of the Victory of the Sugar Bowl at which time he presented his Saga of the Sugar Bowl, a masterpiece of poetry which contained thirty-four stanzas. This poem contained a saying for every member of the team, the Coaches, sports writers, and other personages connected with the Eagles.

Senior Class At Stanislaus To Be Largest In Years.

The senior class of the St. Stanislaus College for the year 1941-42 is the largest in the history of Saint Stanislaus. In the past the class of 1930 had the greatest number to graduate. They numbered an even fifty. At present the class of 1942 is composed of fifty-four members, of whom thirty-seven are taking the scientific course and seventeen the Commercial. It is the determination of each of the class to work to a successful completion of their studies in order that the class at Commencement may exceed this record of 1930.

All other classes have had increased enrollment for the present year, especially the Juniors and the Sophomores.

Miss Thelma Ellis, New Resident Nurse For Saint Stanislaus.

Among changes made during the summer at St. Stanislaus was the position of resident nurse of the school. The new nurse, Miss Thelma Ellis, R. N., is a native of Birmingham, Alabama. She made her training at the City Hospital of Mobile, Alabama, from which she graduated in 1928.

Miss Ellis has held important positions in several institutions in Alabama and Mississippi, and for the past five years has been one of the "King's Daughters" in the staff of the hospital here in Bay St. Louis.

Miss Ellis is a native of Birmingham, Alabama. She made her training at the City Hospital of Mobile, Alabama, from which she graduated in 1928.

Miss Ellis is a native of Birmingham, Alabama. She made her training at the City Hospital of Mobile, Alabama, from which she graduated in 1928.

HARRISON COUNTY INSURES SEAWALL FOR TWO MILLION DOLLARS

Premium For Three-Year Policy Amounts to 25 Thousand Dollars.

Harrison county's seawall has been insured for \$2,000,000 at a premium of \$25,000 for three years, according to Chancery Clerk C. J. Darby. Several major companies collaborated in writing this policy, but names of the companies were not available. Officials said these names and full details of the plans will be announced within a few days.

A premium of \$10,000 per annum was asked by underwriters if the policy were to be written for only one year.

On November 4, the board of Supervisors will open bids on this policy from other insurance companies, and officials said, a lower bid is received offering the lowest premium. If the insurance should be transferred, the county would receive a partial refund on the three-year premium.

PRESIDENT ROOSEVELT SETS DAY OF TRIBUTE TO GENERAL PULLASKI.

Proclaims Monday, October 11, As Pulaski Memorial Day—Died For This Country.

President Roosevelt Monday proclaimed October 11, General Casimir Pulaski Memorial Day, honoring the Polish count who gave his life for American independence and noted that, once again, "our precious liberties are gravely menaced by the spread of conquest and tyranny abroad."

In this grave crisis, with these liberties menaced, Mr. Roosevelt said: "We may gratefully recall the efforts and sacrifice of those who helped establish this as a free nation."

He recalled that on October 11, 1779, at the Siege of Savannah, General Pulaski died a "valiant representative of a people that has for centuries displayed magnificent independence of spirit."

The chief executive called for appropriate commemoration of the day in schools, churches and other suitable places.

BURGE UNDERTAKES COACHING POSITION FOR THIRD SESSION

Brother Adalbert Handles Assistant Coaching

Coach Dennis "Pete" Burge is beginning his third session as member of the Rock-A-Chaws. Coach Burge handles the coaching assignment for football, basketball and track. In football he is ably assisted by Brother Adalbert who handles the line. In his former seasons here Coach Burge has shown his worth as a coach. Although his seasons were not entirely successful this can be blamed on a lack of experienced players and not to say fault in the coaching.

Brother Adalbert the assistant coach, has been coaching the line for three years. He coached one year under Coach Morton and other two years under our present coach. Brother has, with the material given him, turned out a very remarkable line. It has been proven that Brother Adalbert is a good line director when he coached the Toy Bowl Team of '38.

Coach Burge and Brother Adalbert will try, with the greatest of their ability, to shape a team that will be remembered by the students of St. Stanislaus for years to come.

Bro. Alexis Chooze Editorial Staff For The Coming Session.

The editorial staff of the Rock-A-Chaw of St. Stanislaus College for the current session was chosen by Rev. Bro. Alexis, advisor of the school paper.

The position of Editor-in-Chief was conferred upon Arthur Perez, who has worked very ably for the Rock-A-Chaw during the past three years.

Hugh Martin Kiefer was entrusted with the office of Co-Editor. Hugh has done good writing for the school paper.

For the Sports Editorship, Joseph Cirno was chosen. Joe has contributed many good articles in the past. Oscar Pacheco was granted the double position of Alumni and Exchange Editor. Oscar has been in the staff for three years.

Edwin Meise is the business manager. Reporters, typists and other members of the staff were also chosen.

HAS JAPAN MADE UP HER MIND?

It is too early to conclude that the Japanese have decided to make a complete about-face in the Far East. There is still room for the suspicion that Tokyo is playing for time and the peace of the Far East will not be secure as long as Japan maintains its army and navy in a position to take advantage of developments in other areas.

The United States, we presume, will require more from Tokyo than promises. Before the economic sanctions are removed the newly established Japanese regime will have to give more than lip-service to the cause of peace.

The test of Japanese intentions comes in China. If the Japanese end their "Chinese incident" by retiring from the Chinese soil, giving up the ill-gotten gains which the United States has declined to recognize, one might be justified in believing that Tokyo has experienced a change of heart.

THANKS TO GOVERNOR WHITE'S VISION.

AUTO travelers from the Coast to the State Capital reach their destination better traveling and in shorter time. The great highway No. 49 is relieved of all crooks and turns, towns formerly directly on the route have been "removed" from the line and practically a straight, wide ribbon-like slab of concrete connects the two points. Better and shorter roadway, with new surfacing are the contributing forces to better and quicker traveling, all of which is largely due to foresight of Governor Hugh White, who, when governor had the legislature to provide for this important work. Thru tourists now do not pass up Mississippi, but come directly through and reach the Mississippi Gulf Coast.

WINTER VISITORS TO THIS SECTION

BAY St. Louis should attract quite an influx of residents and others for the winter—in addition to the number already domiciled along the Coast, to be near seafarers, and others in camp at Shelby and Biloxi. The latter place will soon be the domicile of thousands of flying cadets, a number that has hardly begun to come in as compared with the subsequent number expected. It is to be hoped there will be adequate and efficient accommodation for families and others planning to come from colder climes to the coast. Climate alone will not be the deciding factor to attract people here. The coast is blessed with climate. The important factor will be accommodation and reasonable prices. The idea is one of preparedness. It might be well to get one's house in order, the price of salesmanship in renting real estate.

A FORMER KING VISITS AMERICA.

THE former king of England and his American-born wife, are just now in the United States, luncheon Thursday at the White House with President Roosevelt, guests of the British Embassy, en route to Calgary, Canada, where the king owns a ranch. The trip is a business one, the press is told. We are satisfied it is well a business trip—one of good will and business for the Empire in this time of strife when the aggressed need a friend. But the democracies are entitled and will receive all the assistance America can give, as well as the countries the enemy is attempting to destroy, regardless of political or economic creed.

RUSSIAN CAMPAIGN UNCERTAIN.

THE war in Russia continues with reports uncertain. Some days the news indicates great resistance and even some gains by the Red army and, on others, the Germans seem to be making progress toward their goal. Just as the Soviet troops seem to be stabilizing a certain front, the Nazis seem to break out in other sectors. It will probably continue this way for some months to come. It is entirely too early to expect the Red army to bring the German advance to a complete halt.

BRITISH WARSHIPS IN U. S. PORTS.

THE Navy Department, modifying a previous policy of strict secrecy, acknowledges more than a dozen British warships are in United States ports. Twelve were listed by name, including the 35,000-ton battleship *Warship*, at Bremerton, Wash. Still others—names undisclosed—were reported to be anchored in U. S. waters, under terms of the Lease-Lend act which gives them access to repairs and supplies at American shipyards.

This is a good time to use advertising and if you must, we suggest liberal space in the Echo newspaper for results.

The farmers of Mississippi will do their part in producing more foodstuffs for the nation and the world; let us hope that the nation and the world will do more for the farmers.

Wise buyers are taking advantage of the present to buy commodities in every day life. A federal act will be passed in many of the departments on and after October 1, 1941, which will fix prices on many commodities. This act will be passed in many of the departments on and after October 1, 1941, which will fix prices on many commodities. This act will be passed in many of the departments on and after October 1, 1941, which will fix prices on many commodities.

SEAWALL OVER IN HARRISON COUNTY.

THE Biloxi Herald wishes the Board of Supervisors of Hancock county has already accomplished. This is in reference to adequate measures to protect the existing seawall and to purchase a dredge boat to add further and more completely to that protective measure.

The Herald editorially tells the story in calling attention.

About a year ago there was considerable talk about making repairs to the Harrison county seawall, but except for minor repairs here and there nothing has come from the agitation.

The State Highway Department and the WPA are spending several million dollars in the construction of a drainage system and building two-lane highways behind the seawall. The Daily Herald believes there is a possibility of this work being destroyed in a severe storm; if it should be destroyed is a probability it never will be rebuilt.

The time has come for the Sea Wall Commission and the Board of Supervisors to take the necessary steps to see that adequate repairs are made to the seawall. If this requires the purchase of a dredge to pump in a sand beach in front of the present wall or to patch the leaks in the wall itself. The Herald believes the supervisors have engineers competent to decide, but there is no doubt as to the necessity that the work be done, and no time lost in taking action.

The supervisors are now preparing the budget for the next fiscal year and funds should be set up in the budget for the work.

VISITATION OF EQUINOCTIAL DISTURBANCES.

STORM news during the week end and earlier part of the week almost crowded war news off the front page of the daily press. This is the equinoctial season and we generally expect meteorological disturbances to hit this section.

Of late however, we have been unusually fortunate, and little or no disturbances of the kind have visited this section.

Fortunate again were we this week when heavy blows and damaging wind and water wrought distress in sections adjacent to the Gulf Coast. Water of the storm off Port Eads and finally hitting Louisiana and Texas gulf coastal lines rose to a record-breaking level, and the only evidence of the storm experienced here is the backing of tide water over highways thru marshlands.

This is the first time since Highway 90 was constructed through the Louisiana-Mississippi marsh waters have been known to cover the hardsurfaced roads, and forcing the roadway to be temporarily closed by highway department.

It is to be hoped we have escaped the equinoctial wrath with no more damage and inconvenience than experienced, and may we look forward to the advent of October—the golden month of the year.

STATE AD VALOREM TAX SHOULD BE REDUCED.

STATE Treasurer Lewis May has just announced that it will not be necessary to issue refunding bonds in the sum of \$1,236,692.50 to take care of that amount of bonds and interest falling due this month, as authorized by the last session of the Mississippi Legislature. After paying the above amount the general fund of the state, as of September 15, still showed a balance to its credit of \$2,204,543.52 according to Treasurer May.

The state has no business collecting more taxes than are needed for government operation. The governor has the legal power to reduce ad valorem taxes. This would be a general help to the people of Mississippi. It would be at least one gesture of kindness to over-taxed Mississippi businesses. A proclamation setting forth a reduction in taxes would be received with gladness from all corners of Mississippi. In response to the subject, the McComb Daily Enterprise says, "Why not proclaim it?" governor? In view of the fact we are to be additionally burdened with all kinds of taxes it would be well and the administration would make quite a hit to cut taxes—especially with a surplus constantly mounting.

ECHOES OF FIFTY YEARS.

PREPARATIONS for a special edition like The Echo Golden Jubilee Edition plans to be, is not only a colossal job but one that is of interest in more ways than one. Collecting data here and there reveals many things. For instance there is a picture of a family home on the beach that has been in possession and continuously occupied by one family (three generations) for 67 years. The house was built long before that time and is in first-class condition today.

Another picture is that of a family group of pioneer Bay St. Louis residents, father and mother and group of children, taken possibly forty-five years ago. The mother still survives and the children grown and are heads of their own respective families. Then there is the prize picture, the center piece of a group of public buildings of today to appear on the cover. This picture is "Head of Main Street Fifty Years Ago." The artist has completed drawings for the cover, to be printed in color. This color work, like all printing of this special edition, will be done in press rooms of The Sea Coast Echo. Pictures of historical value solicited.

Every time a Russian soldier fires a gun he moves to prevent the boys of this country from having to fire a gun; consequently, we think it is a good plan to keep the Red army supplied with ammunition.

A New York tabloid daily, which claims the largest circulation of any newspaper in the world, boasts that it has 90,000 copies of its Sunday edition in Oregon. (40,000 in California and 50,000 in Washington and Montana.) And it says it is the largest newspaper in the world.

It is not \$120,000 a year to paint a hillside with a picture of a coal mine. It is not \$120,000 a year to paint a hillside with a picture of a coal mine. It is not \$120,000 a year to paint a hillside with a picture of a coal mine.

ON DISPLAY SEPTEMBER 26

THE FINEST CHEVROLET OF ALL TIME

FOR THE SERVICE OF AMERICA

Here's the highest-quality motor car Chevrolet has ever offered to the motoring public... with fleet, modern, aerodynamic lines and Fisher Body beauty which create "the new style that will stay new"... with a powerful, thoroughly proved Valve-in-Head "Victory" Engine, built of quality materials and designed to lead in combined performance and economy... with all the fine comfort, convenience and safety features which have made Chevrolet the nation's leading motor car for ten of the last eleven years.

DESIGNED TO LEAD IN STYLING
Chevrolet alone of all low-priced cars has "Victory" styling, sleek fender caps and body by Fisher.

DESIGNED TO LEAD IN PERFORMANCE
Chevrolet alone combines a powerful Valve-in-Head "Victory" Engine, Safe-T Special Hydraulic Brakes, Unified Knee-Action Ride, and Vacuum-Power Shift at no extra cost.

DESIGNED TO LEAD IN ECONOMY
Chevrolet is the most economical of all largest-selling low-priced cars from the standpoint of gas, oil, tires and upkeep.

Hollywood Echoes.

DUE to several factors, the most important being recent Federal legislation which prohibits block-booking, several major Hollywood studios are giving serious consideration to the establishment of a Hollywood Academy of Drama to train promising young talent which is now often turned away from studio gates without trial.

Plans call for the leasing of a theater in central Hollywood and the formation of a stock company which would present shows on a regular theatrical basis at popular admission prices which would make the venture practically self-supporting. Leading directors would be employed to train the players and big movie "name" players would be selected to head the casts to add box-office punch. Those young players which show promise would be drafted to work before the cameras, which would profit by their training.

Concluding that movie audiences are fed up on war noises, the new films with war backgrounds will eliminate practically all such sound effects. Among these so-called "Confirm or Deny," in which Don Ameche and Joan Bennett are shown as a couple of news reporters scurrying around during a bombing of London, and "Hot Spot," a murder mystery, involving Betty Grable and Victor Mature, in which not a shot is fired by a gun seen.

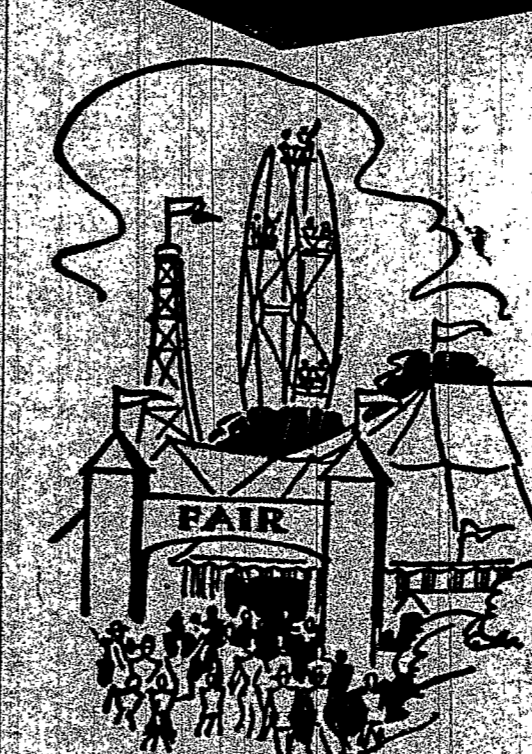

Janet Gaynor who hasn't been seen on the screen for some time now, made her first stage appearance when she carried the lead in George Bernard Shaw's "The Devil's Disciple," presented by David Selznick's company at Santa Barbara. She was supported by Sir Cedric Hardwicke and Alan Marshal.

"Pied Piper" the story of an elderly Englishman who escapes from wartime France with a group of small children, written by Nevill Shute, has been bought by Twentieth Century-Fox. The novel will be published later as a book.

On Betty Davis' schedule at Warner Bros. production is "In Our Own Life" which John Huston will direct.

It cost \$120,000 to paint a hillside with a picture of a coal mine. It cost \$120,000 to paint a hillside with a picture of a coal mine. It cost \$120,000 to paint a hillside with a picture of a coal mine.

GOVERNOR JOHNSON ASKS MISSISSIPPIANS TO SEE DAIRY DISPLAY

"Great Strides Have Been Made in Our State in the Live Stock Industry," Says Governor.

Governor Paul B. Johnson Tuesday urged Mississippians to attend the National Polled Hereford Show in Memphis, to be held in connection with the Mid-South Fair, October 11-19.

In the past decade, a statement from Governor said, "great strides have been made in our state in the live stock industry, bringing greater diversification of interests to the farm and producing greater income."

There is an opportunity for us to cement further the live stock industry as an important part of our interest, he said by the urging of the people to see the finest live stock production in this country.

Germany built 15,000 war cars in 1940, 300,000 in 1941.

Waveland Activities

Personal and General News Notes of the Week From Sister City and Vicinity.

WEEK-END TIME TO FOLLOW FANCY WHEREVER IT MAY CALL

A RESPIRE from business cares and worries always comes with a week-end, a blessed interlude of time to think and to follow one's fancy wherever it calls. Everyone is becoming more Coast conscious now with autumn in the air, pepping up our mood to hike for nature beauties.

MOTHERS CLUB

Meeting in the school auditorium on Wednesday, October 1st at 2:45 P. M.

NOTHING MATTERS

Just to prove our Waveland boys like to come and visit regularly—Harry Carver and party drove 95 miles to get here having to detour when roads were impassable due to recent heavy rains. They never miss their week end trip.

We are always fortunate to have little or no ill effects of weather disturbance on the Coast, and the week-end has brought many on the trains.

NEW HOME

The Laborde residence near St. Claire's church is nearing completion. Contracted by Bogalusa Lumber Co. The interior is sealed with poplar, which is extremely attractive with all the contrasting colors. George Laborde student from Tulane University is the architect and nephew of Mr. Laborde.

PROSPECTIVE SETTLERS

The Arnolds have returned again, and are now located at the O'Brien cottage on Sobral street, years ago Mrs. Arnold occupied the Gedaine home on Waveland avenue. They are at present prospecting to settle in Waveland.

ENJOYING DRIVES

Mrs. L. Caffery has entirely recovered from her operation and once more driving her Packard. Her two lovable little nephews John and Howard who are her constant companions attend Waveland school.

BACK TO COLLEGE

Louise Chadwick drove up to Ole Miss College accompanied by her uncle and aunt Mr. and Mrs. Cornelius Herlihy. Catherine has returned to Loyola.

Dr. and Mrs. Quenens with son and two daughters spent the week-end in their cottage.

BIRTHDAY PARTY

Beverly, daughter of Mr. and Mrs. Fred Bourgeois was nine years of age on September 17th. A large number of guests were present to help her enjoy this event. Games were played and the lucky winners of prizes were: Miss Cecile (Dick Turcotte) and Shirley Turcotte, Mr. Alfred Bourgeois, Mr. Roger Bordages. Refreshments and a birthday cake were enjoyed.

TO HOLY CROSS SEMINARY NOTRE DAME, INDIANA

Alvin Marrero left to study for the priesthood. A graduate from St. Stanislaus class of '39 at 17 years of age. A bright industrious student. His many friends wish him success in his new studies.

The 4-H Club for boys and girls offers many benefits to its members. Here are a few of the projects which may be followed: Forestry, wild life, raising pigs, cattle, poultry, gardening, crops, and all kinds of indoor work for girls such as sewing, and such. In addition to learning how to do many different kinds of work, parliamentary procedure at meetings.

Every year club camp is held. Boys and girls get all types of recreation and have a week of real fun. Each year there is a short course of concentrated instruction and fun too. In many ways the 4-H Club is an organization of great value to the youths of America.

A delightful event of the afternoon, Thursday last, was the shower for Miss Isabelle Asher who will wed Mr. Elwood Bourgeois. Mrs. Bob Condon, sister of the groom, entertained at her home on Waveland avenue and was assisted by her aunt, Mrs. H. G. Geisler and Mrs. Henry Carrio. Miss Asher received many pretty gifts. The table was beautifully decorated and with the bride's cake and favors, which were small umbrellas tied to candy packages, making this a perfect setting. The colors were gold and green. Delicious punch and cake were served.

Mr. Chas. G. Moreau, publisher of The Sea Coast Echo newspaper, recently appeared before the Board of Mayor and Aldermen of Waveland, while in session, and presented plans and prospectus of the Golden Jubilee number of the newspaper shortly to be issued. The Board approved the project and voted an appropriation from its advertising budget to participate in the commemorative gesture and also to provide for the splendid advertising this publication will give Waveland and vicinity.

GABLE, ROSALIND RUSSELL STAR IN ADVENTURE DRAMA

"They Met in Bombay" To Be at A. & G. Theater Sunday and Monday.

Combining the versatile talents of Clark Gable and Rosalind Russell as co-stars, M-G-M's "They Met in Bombay" coming Sunday and Monday to the A. & G. Theater, is a romantic melodrama graphically keyed into international complications in the Orient.

With this headlined news front setting with intrigue and violence as their dramatic background, Gable and Miss Russell, as a pair of intrepid adventurers, are given wide latitude in bringing their unusual talents to the screen.

Gable's role is cut smartly to the dictates of his outstanding work as

a two-faced man of action. Here as a one-time British army officer, he assumes with equal nonchalance the part of a clever modern crook operating in smart social circles.

Miss Russell forsakes many roles to invert her versatile talents and charm in the unusual part of a feminine Raffles, matching her cleverness with Gable's.

Their involved adventures are backgrounded in Bombay as the story opens. Colorful India, enhanced by the celebration of Empire Day, is diversely pictured with its lavish display of festival garb and custom. The action panorama then takes the principals to sea and to Hong Kong for later episodes.

With Hunt Stromberg as producer and under the directorial expertise of Clarence Brown, "They Met in Bombay" is given lavish scenic embellishment. The teaming of Gable and Miss Russell is accentuated by the performances of Peter Lorre, Jessie Ralph, Edward Cinnelli, Matthew Boulton, Luis Alberni, Rosina Galli, Jay Novello and Reginald Owen.

CHANCERY SUMMONS

State Treasurer Lewis May has just announced that it will not be necessary to issue refunding bonds in the sum of \$1,235,692.50 to take care of that amount of bonds and interest falling due this month, as authorized by the last session of the Mississippi Legislature. After paying the above amount the general fund of the state, as of September 15, still showed a balance to its credit of \$2,204,949.52 according to Treasurer May.

Declaring that more Class 1-A men than are available must be provided to meet requirements on hand and in prospect, Adjutant-General Thomas J. Grayson, director of selective service, says that re-classification of registrants by their local boards is the only solution. He emphasized that it is time for a tightening of the belt on the part of the public, registrants, and a considerable number of the 107 local boards in the state. According to present orders from the Fourth Corps Area, Mississippi must furnish 3,013 men—as many as were enlisted in the entire National Guard at the time of induction—during September and October. Through August 31, General Grayson said, there have actually been inducted from Mississippi 11,943 men for selective service.

State Auditor James M. Causey was absent from his office several days last week due to the illness and death of his mother, which occurred September 17 at her home near Liberty, Mississippi. The entire personnel of the Capitol deeply sympathize with Mr. Causey in this hour of bereavement.

Mr. J. W. Willis, extension cotton specialist at State College has issued a timely warning to Mississippi farmers regarding the handling of their cotton. Mr. Willis states that rough preparation caused by ginning cotton too wet and too green is resulting in heavy loss. That a checkup in one North Mississippi area showed that 17 percent of the cotton classed up to this time is roughly prepared and selling at a loss to the farmer. Because of this, of from \$250 to \$1,500 per bale. That the best plan and quickest way for cotton to dry is in the boll, and the farmer always loses when it is picked wet.

Emergencies often breed dictators, and dictators generally multiply emergencies.

MISSISSIPPI LABOR LEADER

Says "...the Beer Industry is the friend of the working man."

Mr. Lewis Spann, President of the Jackson Central Labor Union, in a recent comment about the work of the Brewers and Mississippi Beer Distributors Committee, said:

"Men and women—eleven thousand of them—are employed daily by the 1900 licensed retailers and the 46 licensed wholesalers who comprise Mississippi's Beer Industry. This is so good enough that the Beer Industry is the friend of the working man."

"These men and women receive \$6,000,000.00 annually in payroll and they spend the money in Mississippi and pay for it in Mississippi. In addition, the Beer Industry pays \$1,000,000.00 each year in excise, gasoline, and ad valorem and privilege taxes in Mississippi and spends thousands of dollars for rent, gasoline, hardware for barrels and for miscellaneous supplies."

"In offices, warehouses, on delivery trucks and in retail establishments, these 11,000 men and women, through the clean-up or close-up program of your Committee, are getting a WHOLESOME coverage of moderation in increasingly WHOLESOME surroundings."

Through the cooperation of men like Mr. Spann, the thinking public and law-enforcement officials, Beer—the beverage of moderation—is available to you in clean, respectable surroundings and the honest jobs of more than 11,000 Mississippi men and women are thereby protected.

You can help protect these important benefits by patronizing only the WHOLESOME, law-abiding retail beer outlets in your community.

MISSISSIPPI BEER DISTRIBUTORS COMMITTEE

THEY KNEW WHAT THEY WANTED COMPELLING DRAMA ORTE

Theater Sunday-Monday of This Week—Outstanding RKO Picture Shuffled With Stars

A deeply absorbing drama of a man's love and a woman's sacrifice is told by two of the screen's foremost stars in "They Knew What They Wanted," film version of the prize-winning Broadway success which opens Sunday and Monday at Orte's Theater.

Carole Lombard, as a lonely little waitress, and Charles Laughton, as a jovial Latin grape-grower, share stellar honors in this colorful story of life in a California valley, with William Gargan, Harry Carey and Frank Fay heading the supporting cast.

The waitress and the vineyardist meet in San Francisco, where the latter goes for a vacation. He falls in love with her, returns to the ranch, and unable to write English, gets his foreman to open a correspondence with the girl in his name. This quickly reaches the proposal stage, and the girl accepts after the rancher, afraid to send her his photograph for fear she won't like him, sends a picture of the foreman (Gargan) instead.

This complicates matters when the girl first arrives, but the rancher straightens everything out and gives a big fiesta to celebrate his coming marriage, while a sultry mixture of admiration and dislike develops between the girl and the foreman.

Through the girl's attentive nursing, the rancher soon recovers and plans the wedding as soon as he can walk. But when that time comes, the girl is horrified to find she is too far compromised to deserve his love. How the lives of the three principals are brought to a dramatic focus as a result—how one man's cowardice and another man's generosity and a woman's sacrifice emerge from the tangle—all make for the engrossing conclusion to this unusual picture.

Playing his first sympathetic role since he portrayed the valet in "Rugles of Red Gap," five years ago, Laughton is said to give the finest performance of his career as the boisterous and primitive but warm-hearted Latin vineyardist. Miss Lombard's part in this RKO Radio feature is equally noteworthy, requiring as it does an exceptional acting range in characterizing the repressed and lonely heroine.

Hate and revenge are fostered and perpetuated in the cultivation of the spirit of war.

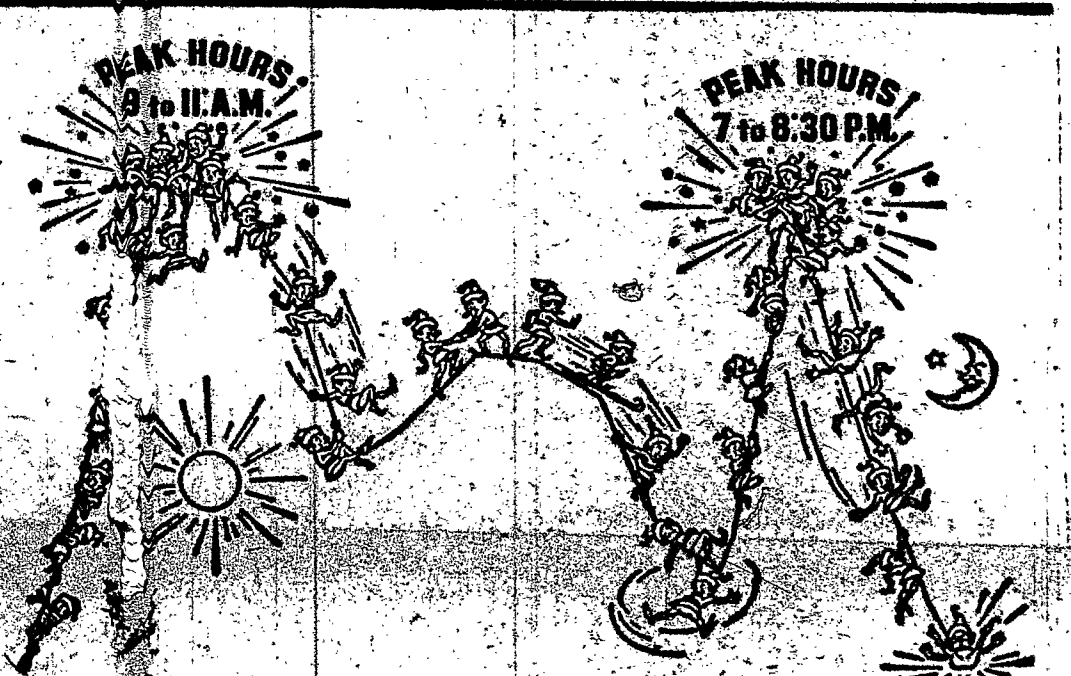

An unjust settlement of a war is not a treaty of peace, but a truce until the next war.

There is nothing more refreshing than to meet a man who is willing to admit a fault.

You Can Help NATIONAL DEFENSE Here's How

There are two high peaks in the long distance telephone day. Between 9 and 11 a.m. and 7 and 8:30 p.m. During these hours more people use the Nation's long distance lines than at any other time of the day. When you place a long distance call during rush hours, you may experience delay or you may unknowingly interfere with important business relating to National Defense. Remember to avoid rush hours by making your calls at other times of the day whenever possible. This co-operation on your part will result in quicker service for you and will contribute to the speeding of our National Defense effort.
